

I am writing about the LPFM service. I listen to K-LOVE at 90.5FM in Albuquerque NM and feel it is a positive and encouraging station of great worth to our community. I would be very upset to see it displaced by an LPFM station of undetermined programming quality. We need more stations like KLOVE not less. With all the violence and destruction in the world today it is great to have this station to support and champion the good things instead. Please carefully consider the impact this LPFM would have on a community so blessed by positive stations.
